About Me

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum. Why do we use it? It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as their default model text, and a search for 'lorem ipsum' will uncover many web sites still in their infancy. Various versions have evolved over the years, sometimes by accident, sometimes on purpose (injected humour and the like). Where does it come from? Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source. Lorem Ipsum comes from sections 1.10.32 and 1.10.33 of "de Finibus Bonorum et Malorum" (The Extremes of Good and Evil) by Cicero, written in 45 BC. This book is a treatise on the theory of ethics, very popular during the Renaissance. The first line of Lorem Ipsum, "Lorem ipsum dolor sit amet..", comes from a line in section 1.10.32. The standard chunk of Lorem Ipsum used since the 1500s is reproduced below for those interested. Sections 1.10.32 and 1.10.33 from "de Finibus Bonorum et Malorum" by Cicero are also reproduced in their exact original form, accompanied by English versions from the 1914 translation by H. Rackham. Where can I get some? There are many variations of passages of Lorem Ipsum available, but the majority have suffered alteration in some form, by injected humour, or randomised words which don't look even slightly believable. If you are going to use a passage of Lorem Ipsum, you need to be sure there isn't anything embarrassing hidden in the middle of text. All the Lorem Ipsum generators on the Internet tend to repeat predefined chunks as necessary, making this the first true generator on the Internet. It uses a dictionary of over 200 Latin words, combined with a handful of model sentence structures, to generate Lorem Ipsum which looks reasonable. The generated Lorem Ipsum is therefore always free from repetition, injected humour, or non-characteristic words etc. 5 paragraphs words bytes lists Start with 'Lorem ipsum dolor sit amet...'

Theory:

- 1) Explain the different HTML elements used to implement class timetable, Resume web page using HTML tags.

Defines the document type	<!DOCTYPE>
Defines an HTML document	<html>
Contains metadata/information for the document	<head>
Defines a title for the document	<title>
Defines the document's body	<body>
Defines HTML headings	<h1> to <h6>
Defines a paragraph	<p>
Inserts a single line break	
Defines a thematic change in the content	<hr>
Defines a comment	<!--...-->
Defines an image	
Defines a hyperlink	<a>
Defines the relationship b/w doc and ext. resource	<link>
Defines a list item	
Defines a table	<table>
Defines a table caption	<caption>
Defines a header cell in a table	<th>
Defines a row in a table	<tr>
Defines a cell in a table	<td>
Defines style information for a document	<style>
Defines a section in a document	<div>
Defines a section in a document	
Defines a header for a document or section	<header>
Defines a header and related content	<hgroup>
Defines a footer for a document or section	<footer>
Specifies the main content of a document	<main>
Defines metadata about an HTML document	<meta>

2) Differentiate HTML and HTML5.

HTML	HTML5
It didn't support audio and video without the use of flash player support.	It supports audio and video controls with the use of <audio> and <video> tags.
It uses cookies to store temporary data.	It uses SQL databases and application cache to store offline data.
It does not allow drag and drop effects.	It allows drag and drop effects.
It works with all old browsers.	It works with all new browsers.
Doctype declaration is too long and complicated.	Doctype declaration is quite simple and easy.
Character encoding is long and complicated.	Character encoding is small and easy.
It can not handle inaccurate syntax.	It can handle inaccurate syntax.
Does not allow JavaScript to run in the browser.	Does allow JavaScript to run in the background.
Attributes like charset, async and ping are absent in HTML.	Attributes like charset, async and ping are present in HTML5.

Conclusion: Thus we successfully learnt various HTML Tags and Elements & understood the difference between HTML & HTML 5.
